

## SCDP Dual Polarity Bracket

SVP Broadcast Microwave has recently designed the SCDP Dual Polarity Bracket. This bracket allows an easy and quick installation of two equipment and a parabolic model HAPD-60 antenna of dual polarity.

The connexion between the parabolic antenna and the equipment is performed using N connectors. The device is available for the frequency range from 2,0 to 11 GHz.

## Characteristics

### Frequency bands

2,0 - 11 GHz

### Material

Aluminum

### Weight

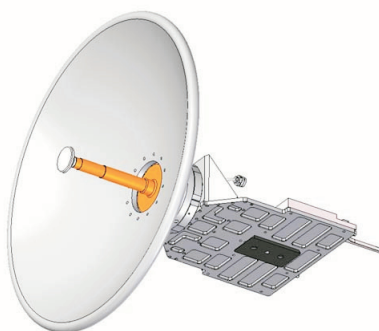

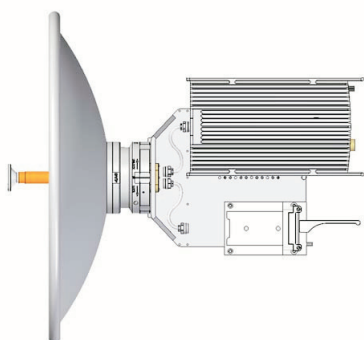

3kg

### Size

Width: 300 mm (11.8 inches)

Height: 150 mm (5.9 inches) (without connectors)

Depth: 22 mm (0.86 inches)
